Dear RGUKTians

Greetings on Sankrathi festival !!

In light of Demonetization, the Government of India and Government of Telangana are giving special emphasis on promotion of cashless methods of transactions like Point of Sale, online banking, Debit & credit cards, BHIM, Mobile wallets, etc. Since the rural populations are illiterates and poor in Digital knowledge, the objective of rapid spreading cashless transaction throughout the state are affecting adversely.

As you are all aware that our university is reached paramount heights in ICT & Digital knowledge, the students and staff members need to take up the responsibility of spreading digital awareness in rural areas. Therefore, the university directs all the staff and students to take up an initiative to educate their villagers and spread the innovative methods of digital cashless methods during their stay in Sankranthi vacation, which in a way helpful in reduce Black money and corruption and brings transparency in business taxation.
