

National Science Day-2017 (28th Feb)

National Science Day (NSD) is being celebrated on every February 28 from 1987. On this day in 1928, Sir C.V. Raman discovered scattering of light later named after him as "Raman Effect". He received Nobel Prize in physics for this discovery in 1930. It is being celebrated to bring science in the forefront to inculcate scientific temper from scientific achievements of the country.

Invited Lectures

Prof. V. Srivastava, UoH

Prof. Kotha Sambasiva Rao, IIT Mumbai

Prof. S. V. S. Nageswara Rao, UoH

Dr. Paidi Yella Reddy, Director, R&D-
Sapala Organics

Conveners:

Dr. Ravi Varala

Head, Department of Chemistry &
Coordinator, R&D Cell-Sci.& Hum.

Dr.G. Devaraju, Department of Physics

Organizing committee:

1. Dr. K. Pavani (Chem)
2. Dr. K. Sripad Rao (Chem)
3. Dr. Rajender (Phy)
4. Dr. A. Sai Krishna (Bio)
5. Dr. G. Shobha (Chem)
6. Mr. Rakesh Roshan (Phy)
7. Mr. T. P. Sunil Kumar (Maths)

Chief Patron

Prof S Satyanarayana, FRSC

Vice Chancellor-RGUKT, Basar

Patron

Er Y Nagesh Kumar

Member Secretary, TSCOST

Keynote Speaker & Chief Guest

Prof. Vipin Srivatsava

School of Physics

Pro-Vice Chancellor, University of Hyderabad

Chair

Prof A P Pathak, F. Inst. P., C. Phys. (London)

School of Physics

University of Hyderabad and RGUKT Basar

Venue: AB-I Auditorium

Time: 9:30 am

Date: 28th Feb

Come!!!

Let us speak
Science
