**Report on
Hetero drugs HR Interaction with
Chemical Engineering final year students
on
27/08/2022, 8:00 PM**

As a part of Corporate Interaction sessions, an expert industrial talk was arranged by the Chemical Engineering Department for Final year students by the Head of the Department and Faculty Placement Coordinator. Mr. Praveen Virat Kommoju, HR of Hetero Drugs Limited, a research-based global Pharmaceutical Company focused on the development, manufacturing, and marketing of Active Pharmaceutical Ingredients, Intermediate Chemicals & Finished Dosages. Ever since its establishment in 1993, Hetero showed a tradition of excellence and a deep sense of commitment to developing cost-effective processes to offer a wide range of affordable drugs. Hetero is a leading international supplier with a rich portfolio of over 200 products from a wide range of therapeutic categories both in active Pharmaceutical Ingredients and Finished Dosages.

The talk commenced with the gathering of Chemical Engineering students at Academic Block-I in 005 at 8 pm. Chemical Engineering, Head of the Department Mr. Ravi Kumar, Placement Coordinator Mr. RamaRaju B, Placement Representatives of Chemical Engineering Department of the RGUKT Basar presided over the talk.

In the beginning, a brief description of the talk was given to the students. With much pleasure and honour, we thank Mr. Praveen Virat Kommoju, for providing an overview of the company and highlighting the mission and vision statement, organization culture, career path, location of their offices, employee perks & work environment. Extensive discussions happened regarding the company such as the strategy for getting placed, growth rate, eligibility criteria of the company for the Chemical Engineering Department, and salary packages.

Chemical Engineering Head of the Department, Placement Coordinator, and students extended their gratitude to Mr. Praveen Virat Kommoju, HR of Hetero Drugs Limited for giving students a platform to nourish and groom their skills.
