ALMA CONNECT is likely "giving back" to the university our alumni are, all around the globe working in every conceivable field of engineering, leading the way in their chosen path and professions.

Helping the younger minds to embark on their own journey of chemical engineering.

ALMACONNECT provides opportunities for interaction between past and present graduates and faculty of University.

AS THERE ARE NO BETTER AMBASSADOR FOR OUR DEPARTMENT THAN OUR ALUMNI!

It's a pleasure to introduce MARUTI RAM.

Indeed it is honored to welcome you not only is it a moment of happiness and nostalgia for us but also an opportunity to learn few from your experiences.

MARUTI RAM is one from first batch of the department of chemical engineering i.e(2008-2014). After graduation in year 2014 he had worked for Amara Raja Batteries for 6 months.

Later after securing the AIR-285 in GATE with backbreaking work. He started working in IOCL for 3 year's from 2015-2018.

Then he started pursuing MBA from IIM Bangalore.

After MBA degree he presently working as a manager leading in business analytic group in Hongkong based company.

THIS EXPERIENCE IS THE REAL INSPIRATION...!
