

## **RESEARCH AND DEVELOPMENT LAB:**

Research is the back bone of Academics. For the promotion of Research, it always urges us for the establishment of R&D Cell. R&D Cell aims to nurture research culture which always has a thirst in knowing advancements by wrapping the research activities in the lane of strange emerging challenges in Engineering & Technological sciences.

### ***The R&D cell of ECE-Dept aims :***

- To create awareness in current trends of technologies
- Provides opportunities for the Researchers to do their investigations with Dedication
- Creates R&D atmosphere in Dept, enhances skills and knowledge
- It serves as Dedicated Laboratory to the ambitious candidates who registered for Ph. D's
- It provide the isolated platform, where staff and students can publish their work in reputed National and International Journals
- Researchers can showcase their work in any prestigious conferences through technical presentations
- It facilitates to undertake research activities and real time projects offered by agencies such as DRDO, RCI, DST, AICTE, UGC, etc
- It assist for applying and getting funds for conducting Seminar/Workshop/FDP from various available funding agencies
- To insists for the growth of research activity in the academic community.
- It serves as a platform to conduct faculty level workshops and coordinates staff development activities on research-related issues.
